Period of time covered in this evaluation:

## **MISSION**

Does the need that your team addressed still exist (Will the work continue)?

## **MINISTRY DESCRIPTION**

What did your team do? (Describe specific projects)

## **MINISTRY OUTCOME**

Upon reflection of your experience, how is this ministry team relevant to the AMC mission and vision?

- **MISSION** – We, the Akron Mennonite Church, are a community of believers responding to God's love. We accept the Scriptures as our guide for faith and life. We believe in God the Creator, in Jesus Christ the Lord and Savior, and in the Holy Spirit, God's presence among us. We commit ourselves to being a model of Christ-likeness in a broken world. All our ministries are offered to the congregation and others as invitation to faith and service.
- **VISION** – Akron Mennonite Church will be fully engaged in God's mission in a broken world as we are called, equipped and sent by the Holy Spirit to follow Christ in life. Shaped by the gifts and vision of our members, we will keep Christ and church at the center of our lives as we reach out to neighbors near and far and witness to the world around us through an Anabaptist-Mennonite expression of faith.

Were those you intended to serve open and receptive to your ministry? Were there any reactions from those whom you served that were surprising for you (positively or negatively)? (Positive stories make great newsletter items – would you be willing to share yours with the congregation?)

How do you describe the difference your ministry team made/is making in the lives of those served?

## **MINISTRY TEAM ORGANIZATION**

How often did the team meet? Was this adequate – too much/too little?

Will the ministry team continue at this time – if so, who will serve as leader of team?

Was the amount budgeted for your ministry adequate?
